## EXPERIENCE

### Kaizen Gaming, Athens — Site Reliability Engineer

May 2023 - PRESENT

- Spearheaded the onboarding of microservices in OpenShift utilizing GitLab CI/CD and ArgoCD.
- Designed and implemented a company-wide Chaos Engineering platform (Steadybit) to improve system resilience.
- Participated in Internal Developer Platform (Cortex) initiatives to streamline developer workflows across the Enterprise Architecture tribe.

### Agile Actors, Athens — DevOps Engineer

November 2021 – April 2023

- Supported developers in designing and maintaining GitLab CI/CD pipelines for GfK's Client Platform team.
- Deployed microservices to GCP using Kubernetes and Helm templates.
- Provisioned and updated cloud infrastructure using Terraform.
- Maintained robust monitoring and alerting through Prometheus, Grafana, and custom Alert Rules.

### Intracom-Telecom S.A, Patras — Cloud Integration Engineer

June 2020 – October 2021

- Managed the installation of 4G and 5G telecom nodes on RHOSP (RedHat OpenStack Platform) for virtualized software.
- Deployed containerized software on AWS leveraging Kubernetes, Helm, Python, and Ansible.
- Collaborated remotely as an external partner with a multicultural Ericsson team.

### Intracom-Telecom S.A, Patras — Software Developer

November 2018 - June 2020

- Designed and maintained low-level C++ code for 3G telecom nodes running on bare metal and virtualized RHOSP environments.
- Developed Bash and Python scripts to streamline system design, testing, and automation processes.
- Configured Jenkins pipelines to automate testing workflows within an agile team environment.

## SKILLS

**Cloud & Containers:** Openshift (Kubernetes), Helm

**CI/CD Automation:** Gitlab CI/CD, ArgoCD, Terraform

**Observability & Reliability:** Prometheus/Grafana, Chaos Engineering (Steadybit)

**Networking & Tools:** Nginx, Cloudflare, Cortex

## CERTIFICATES

**CKA:** Certified Kubernetes Administrator

**CKAD:** Certified Kubernetes Application Developer

**CAPA:** Certified Argo Project Associate

[Credly](https://www.credly.com/badges)

## LANGUAGES

English (C2/Certificate of Proficiency in English)

German (B1/Zertifikat Deutsch Zeugnis)

French (Novice)

## EDUCATION

### **University of Patras, Patras — *Master of Science (MSc)***

October 2015 - June 2017

MSc in Electronics & Information Processing

MSc Thesis Title: "Design and implementation of a digital processing system for QR bar-codes (ISO/IEC 18004)"

### **University of Patras, Patras — *Bachelor of Science (BSc)***

October 2009 – June 2015

BSc in Physics with Major in Electronics, Computers & Signal Processing

BSc Thesis Title: "Eye-Trackers, Saliency maps and their applications in Signature's Recognition"

### **European University Cyprus, Nicosia — *Master of Science (MS)***

October 2025 – Current (expected end of 2027)

MSc in Artificial Intelligence
